Press Release

An annual celebration for airline employees.

Active and retired airline employees and their families and friends are invited to join the annual celebration of the World Airlines Club Association (WACA) at its 55th Annual General Assembly (AGA) in Mauritius from 18 to 23 September 2024, with tours to Reunion, Seychelles, and Madagascar before or after the AGA.

The theme will be Responsible and Sustainable Travel and Tourism and the event will be hosted by the Indian Ocean Islands Interline Club and supported by the Mauritius Tourism Promotion Authority and national airlines of the region.

In line with WACA tradition, the AGA will involve outreach and support for local charities. For this event, WACA will support the Association Amour et Espoir in Mauritius and Careco in Rodrigues, a day care center for needy children. There will also be planting of trees to protect the planet.

The AGA will include activities to promote international understanding, such as tours to historic and cultural places and a Regional Night where all countries represented display their cuisine and culture.

More details are available at www.waca.org.
